

Recycled Plastic Bike Rack

MSRP \$772.00

SALE \$679.00

Highlights:

- Holds 6-10 bicycles
- Holds bikes on both sides
- Space between slats measures 2-inches
- Comes with heavy duty, zinc coated hardware

The Recycled Plastic Bike Rack is a solid and sleek design that is built to hold between 6 and 10 bikes. It is made from 2" x 4" and 2" x 3" Resinwood slats. The slats are spaced to maximize the capacity of the rack, and the space between the slats is 2 inches. The bike rack is available in cedar and green. Custom colors are available for quantity orders. The Recycled Plastic Bike Rack is designed to hold bikes from both sides, and designed to allow the most common bike locks to fit. Heavy duty, zinc coated hardware comes with the bike rack. For surface mounting, be sure to add Frog Furnishings Surface L-Brackets to your order.
