COMPLIES With:

ASTM F1487-17

CPSC PUB #325

ADA Compliant

The Raven's Claw Playground has many turns and twists that all lead to a uniquely fun time. This unit is unlike any other with many places to go and many ways to play this unit will captivate imaginations and lead to great memories. One outstanding activity is the Overhead Straight Rung Horizontal Ladder; accessible from the structure's deck or a grounded Vertical Ladder, this fun piece is ideal for children who are keen on monkeying their way around. As they come back around, kids can resume their climb to the top, where the slides are. Children might have to scratch their heads a bit because the Right Turn and Wave Slides are both tremendous. Once reaching the ground below, other panels are available like the Single Drum, Bongos and Car Panel. The only requirement for playing is a curious spirit and a hunger for fun.
