Fall Height: 48"

Use Zone: 30' 3" x 33' 4"

COMPLIES With:

ASTM F1487-17

CPSC PUB #325

ADA Compliant

The Daybreak Delight Play System shows us that there is more than one way to enjoy your morning. The hexagonal deck at the center, representing the morning sun, gives the system its cheery name. Off of that central deck sprouts two 3-foot Straight Slides in either direction with a Gear Panel right next to one of them. Across from the Gear Panel resides the Bones Bridge. Take a step up to walk across to reach the Double Wave Slide. To reach the Double Wave Slide even more quickly, climb up the Inverted Arch Ladder. For those more interested in the Straight Slides, they can hop up the Disc Climber to reach the low 3-foot deck. The upper levels might be fun, but the ground level has a variety of places to play. The Rain Wheel, Bongos and Single Drum all add a melodic opportunity for play while the Ship's Wheel helps to set a course for adventure. The Transfer Station is the final touch that makes the entire system ADA compliant allowing for every child to play. Customize your system by selecting any of our colors to create a look all your own.
