ADA Compliant

Bring the brightness to your playground with the Fort Sunbeam Play System. Constructed into a C-shape, the structure maximizes slides and crawl tubes in a small area. Staying at 3-foot deck height across the system, children can choose between two Straight Slides or a Right Turn Slide. Each slide is separated into small islands interconnected via two Curved Tube Bridges. To approach the Right Turn Slide, kids will just climb up a Vertical Ladder. For the centrally located

Straight Slide, an Inverted Arch Ladder gently leads the way. The final slide has the Transfer Station leading up to it with an accompanying Gear Panel. On the ground level, children can make music on the Bongos, Single Drum or Rain Wheel. A Ship's Wheel rests near one of the Straight Slides waiting to be spun. Choose any of our custom powder coat paint and rotationally molded plastic colors to create a unique play area.
