Add a miniature island getaway to any location with this Beach Hut by Nature of Early Play. The hut contains two benches which face each other, and a small picnic table in between them. Adding this structure to your playground or school will encourage socialization and conversation. The Wave Hut Walls on the outside of the hut give it a nice seaside appearance, making it a cool and inviting place to rest. The sandy color of the recycled plastic posts and the tropical look of the Thatched Village Roof. This is a perfect place for kids to chat, play board games, color pictures, or eat snacks. The roof gives them a nice calm spot that is safely protected from the sun and always comfortably shady. This structure is made recycled material and is sure to last for a long time, providing your area with a cool resting place year after year.
