- Microwave above the stove top
- Oven under the stove

Age Group: 6 months to 5 years

Foster an early love of cooking and culinary arts with the Stove and Microwave set, designed to prepare kids for years of adventurous cooking and eating. Complete with red circular burners, turning knobs, functional opening doors with inset windows, and two inner shelves, the Stove and Microwave set is a fantastic accessory for tiny chefs of all ages and skill levels. Similarly, the matching Microwave comes packed with adorable details, like two opening doors, inset windows, and a shelf for "warming up" your child's imaginary leftovers. The Stove and Microwave set is crafted from 100% recycled structural plastic, embellished with primary-colored accents, and includes stainless steel hardware. It's also ADA accessible and designed for children of all abilities, making it an essential piece for any classroom or educational play center.
