Pump. Rinse. And repeat! Take your miniature kitchen set to a whole new level with this functional Faucet Sink and Hose Attachment. Kids will delight in hours of make-believe fun and marvel at the sink's real hose attachment that pumps a steady stream of water. This inventive accessory will help kids sharpen their motor skills and teach them about cooperation as they take turns pumping water and rinsing their hands. Watch as the water drains into a catch-all tub beneath for easy clean up. The optional hose attachment can be removed, leaving a free-standing play sink. Coordinate this accessory with the rest of our Kitchen appliances like our matching Stove, Microwave, and Refrigerator. The Faucet Sink measures 24" L x 16" W x 24" H (30"H to top of faucet), and is ADA accessible.
