The Vista playset is an awesome and sturdy structure which provides a perfect fort for kids to climb and hang out in. The upper deck of the platform is 66 inches high, offering kids a perfect view of their surroundings from its balcony. The roof over this deck keeps this area clean and dry, so that it is ideal for reading, games, or other activities. Kids can reach this area by climbing up the simple Step Ladder, but for a greater climbing challenge, they can scale the impressive climbing wall beside it. They can pretend to be scaling an actual cliffside as they walk up the vertical steps while holding onto the ropes. Comes in wood or metal.
