Age Group: 2 to 12 years

Keep your classroom secure, clean, and well organized with the Deep Mobile Storage Unit. Thanks to this modern and sleek piece, you can keep your class well stocked at all times, streamlining your craft and educational lessons. This Mobile Storage Unit features locking doors for extra security. Shelves are glued and doweled for extra strength, while rounded corners and continuous hinges prevent little fingers from getting pinched or caught. Additionally, surfaces are finished with a robust, scratch-resistant, easy-to-clean, UV finish. And toe-kicks prevent objects from going under units. Indeed, the entire unit has been designed with children and their safety in mind. Made from sturdy, 5/8" thick, 11-ply birch veneer panels, this model features non-warping, 1/4" thick wood-grain backs that are recessed into the side and top panels and screwed into place. Mobile units feature easy-roll casters that make moving easy and damage-free. Plus, no assembly is required! Stylish, safe, and simple. A win-win-win!
