- Heavy gauge tube steel ends reinforce strength and support
- Bench can be surface mounted with included materials
- This bench is also available with a back

Take a seat and enjoy the comfort and quality of the Frog Furnishings Aspen Bench Without Back. This bench is designed to provide the ideal stability and support people need to really enjoy a good rest outdoors. Available in a beautiful black, this bench has hints of a classic park bench design but with enough novelty to really capture the attention of those out for a stroll or waiting for the bus. The steel straps running along the bench are able to support tired pedestrians, and the heavy gauge tube steel ends and surface mounting give the bench that solidity it needs to do its job. This bench is also available as the Aspen Bench With Back, if you would rather offer a more lean-back, casual option.

Frog Furnishings has plenty of other metal bench options available as well, including: Blair Bench, Rockford Bench, Wellington Bench with Back and Wellington Bench without Back.
