SALE \$1,322.00

Highlights:

- Sits three people at once
- Comes with stainless steel hardware
- Great for outdoor entertainment areas
- 6-slatted contoured back is comfortable for sitting

Elevate your seating area with the Adirondack Grand Isle 3-Seat Chair which maximizes the amount of seating available in outdoor areas. This is a favorite among restaurants with outside seating and patio entertainers as it allows for many people to sit at once without the hassle of wrangling individual chairs. Instead, groups of friends and family can sit together comfortably as they interact and socialize. Another reason this chair is highly sought after is its contemporary and trendy look that pairs well in most places. This is due to its Resinwood lumber slats which also happens to be low maintenance and easy to care for. These slats are also UV-stabilized, preventing the color from fading over time. This item comes with stainless steel hardware as standard. This item is pictured in the color Cedar but colors come as available so be sure to contact your AAA State of Play representative for more information.
