Help teach children the alphabet, colors, and animal names with the Small Alphabet Animals Rug - Rectangle. Each square includes a letter in one of five colors to simultaneously help children learn the alphabet and identify colors. A graphic picture of an animal is included to teach kids animal names by association while also creating a fun and inviting design. This friendly rug makes it perfect for daycares, pre-schools, and kindergartens. Measuring 108 x 72 inches, the rug provides plenty of space for kids to sit, where each square can act as a seat. Built to handle rough play, the rug is stain, water, and fade resistant. Additionally, the edges are serged to prevent fraying. The 3-ply felt construction provides sound and thermal insulation to create a warm place for sitting during team activities. This hearty build also resists wrinkling and creasing to keep it looking like new.
