

Dual Column Rectangular Umbrella Shade Shelter

Price \$5,970.00

Highlights:

- Long shape to fit over longer areas
- Two sturdy centralized posts
- Choose the shade color for your area
- Designed to last

Designed for picnic areas, sporting areas, or even spots at the park or playground, the Dual Column Rectangular Umbrella Shade Shelter provides added comfort on those hot, sunny days. The shade fabric, available in twelve striking colors, is designed to protect users from the sun's harmful rays. The long design of the shade allows it to easily stretch over picnic tables, sports bleachers, or other areas shade is desired. The dual posts provide a sturdy support for the shade frame, while also leaving plenty of space underneath. The Dual Column Rectangular Umbrella Shade Shelter is available with or without glide elbows. By choosing glide elbows, installing and removing the shade fabric is made easier. Why would you need to remove the fabric? Your fabric shade will last longer if it is removed in bad weather. Place this shade in your area and your patrons will immediately find comfort.
