**Age Group:** 5 to 12 years

**Capacity:** 26-30

**Fall Height:** 60"

**Use Zone:** 23' 3" x 38' 8"

### COMPLIES With:

ASTM F1487-17

CPSC PUB #325

### ADA Compliant

With Sailor's Shanty, kids can engage in a variety of engaging playground activities. Utilizing a single and double slide as well as two climbers, Sailor's Shanty has enough room for several kids at once to play. The double slide is a great feature for those who enjoy sliding with a friend; the single slide, on the other hand, is located on the other side of the structure and functions as a nice first stop for kids playing on Sailor's Shanty. When kids are ready to move on from the single slide, they can use the pebble climber stairs to surmount the first half of the structure, then cross the pixel climber bridge to the other side, where they'll find a rock climber and an alternating vertical climber to complement the double slide. Sailor's Shanty even features two ground-level play options; a set of drums near the base of the single slide, as well as a ship's wheel adjacent to the vertical climbing wall.
