Capacity: 2-4

Fall Height: 42"

Footprint: 0' 3" x 12' 4"

Use Zone: 12' 3" x 24' 4"

COMPLIES With:

ASTM F1487-17

CPSC PUB #325

Built strong for use in schools, parks, or public playgrounds, the Freestanding Vaulting Bar is a simple yet effective piece of commercial playground equipment that kids will make great use of. The Single Leaping Bar is made from durable galvanized steel, meaning it will stand the test of time, even in the presence of inclement weather conditions. Despite its simplistic design, the Freestanding Vaulting Bar is an effective training supplement that facilitates jumping, leg stretching, and more. Particularly nimble children will enjoy using their upper body to propel themselves upward and over the top. The rounded ends of the Freestanding Vaulting Bar increase its safety, and the width of the steel bar makes it able to support the weight of children who use it.
