- Available with inground or surface mount
- Utilizes stainless steel hardware
- Provides dog owners a place to store leashes, etc
- Helps dog owners keep track of their belongings/li>

While dog owners love taking their furry friends to the park, carrying around a leash while playing with their dog can be a hassle. With the BarkPark Leash Check, dog owners will have a convenient and handy place to hang their empty leash while they frolic around with their dogs. Have a backpack or anything else you're carrying to the park? The BarkPark Leash Check provides a natural location to hang these possessions while the dogs are at play. The Leash Check can be secured into the ground via a surface mount or with ground spikes and anchor bolts, and the sign atop the post can be ordered in either high-density polyethylene or aluminum, either of which are great choices for outdoor areas. With the BarkPark Leash Check, your outdoor area will gain a great amenity that will help dog owners feel at home.
