Attention passengers, hours of bouncing fun are in reach with the Bouncy Airplane from Nature of Early Play! The handle at the top of the Bouncy Airplane is designed with little hands in mind and makes sure that each rider is able to maintain their balance! This bouncer's fun airplane design makes it a standout option for a unique piece of playground equipment! Because the Bouncy Airplane is a compact playground accessory, it is a perfect fit for young children and/or first-time users of spring riders. The bouncer comes with one seat so each child can maximize their individual play experience! The Bouncy Airplane's molded plastic exterior means that it is able to withstand the outdoor elements and this durability ensures that the airplane will be providing high-flying fun to all playground goers no matter the weather! Get ready for take off with the Bouncy Airplane from Nature of Early Play and ensure that the children of your community can bounce their way to a fun time!
