True to its name, Razzle Dazzle features a wide array of play elements designed to wow kids and keep them coming back to play. Play structures like Razzle Dazzle encourage children to get active outdoors, and their variety of amenities help them foster social bonds with their peers. On the ground floor, kids will be welcomed by the Rain Wheel, as well as two sets of drums: the Single Drum, and the Bongo Drums. These ground-level amenities are great for kids who may not feel up to climbing aboard the structure. Accessing the top level can be done via the Pod Climber and the Pixel Climber, and once aboard, children can explore and gaze out at their surroundings. Five different slides allow kids to whoosh back down to the ground and begin the fun anew.
