ASTM F1487-17

CPSC PUB #325

Made especially for musically-inclined children, the Musical Activity Panel Set brings together three thrilling music panels for all to enjoy. When it comes to playgrounds, musical equipment is often overlooked, but with it, children can engage in a new avenue of play in which they can collaborate with their peers. The Freestanding Percussion Panel boasts five drums of varying sizes that kids can use to create percussive melodies. Meanwhile, the Freestanding Chime Panel can be used to make higher-pitched sounds. Lastly, the Drum Beats Panel features one large drum that can effectively serve as a bass tone. There's no shortage of ways to utilize the Musical Activity Panel Set.
