The Half Dome 2 Plastic Playground Climber is a very popular piece of playground equipment for kids age 5-12. Children have fun and get an abundant amount of exercise while climbing up and over the durable Tortoise Panels. The fun shaped half-dome climbing wall is fun for kids to play on with friends, while playing kids are inspired to create imaginative adventures during playtime. The Half Dome 2 Plastic Playground Climber is a great addition to commercial use playgrounds, parks, neighborhoods, and schools because it builds in children social skills and physical fitness. Committed to child safety, Sii manufactures each piece of commercial playground equipment they make adhering to ASTM and CPSC playground safety standards. This climber is made for quality materials and is built to endure many years of high volume use.
