The Mumbo Jumbo Playground Structure is an eye-catching structure that will attract children of all ages and keep them entertained for hours. This structure is made of heavy 3.5-inch diameter galvanized steel posts and durable rotomolded plastics. All components of the Mumbo Jumbo play system meets or exceed national safety standards including ASTM and CPSC guidelines. Activities featured in this structure include a wave slide, a 90-degree curve slide, a deep rung arch climber, a coil climber, and two interactive activity panels. Customizable in a variety of different colors, the Mumbo Jumbo Playground structure is designed to please children and adults alike.
