The Per-Dee Playground Structure by Sii offers customers the ability to get many activities into a small amount of room. Children will love using the transfer station, lily pad climber, or clover climber to get to one of the two wave slides where they can race each other to the bottom. Also included in this structure are a drive/shift panel, a maze panel, a tic tac toe panel, and a roof. The Per-Dee Playground Structure does meet ASTM and CPSC guidelines and is commercial grade. Customizable in a variety of different colors, this playground is sure to keep children busy for hours.
