CPSC PUB #325

The all steel construction Merry-Go-Cycle seats 5. This equipment is a great independent play piece that conserves valuable playground space. The vibrant powder coated red color is great for young children. This unit is easy to move for two people for use indoors and out. The Merry Go Cycle is great for strengthening muscles, developing coordination, and motor skills. The main wheel is strong, but lightweight enough for only one child to turn it easily. Works in reverse, teaching cooperation because all children must go in the same direction. The Merry Go Cycle goes in a counter-clockwise circle, cycle motion is derived from kids feet movement with pedals, all of which is allowed from the central hub. Ships unassembled on one pallet. Custom colors are available upon request but will require 10 - 14 weeks to be shipped.
