

Adjustable-Fit End System for Funtimbers

MSRP ~~\$167.00~~

SALE \$142.00

The Adjustable-Fit End System for Funtimbers is the ideal solution when one has an irregular area and the border must fit exactly. By using the Adjustable-Fit End System for Funtimbers, the playground perimeter can be customized. To use, simply cut the Funtimber to length and insert the Adjustable-Fit End System for Funtimbers to create the desired length. The Filler Ends will provide a finished appearance when the Funtimber abuts to existing walls or fences. The Adjustable-Fit End System for Funtimbers contains two (2) Retro-Fit Ends and two (2) Filler Ends for use with 8-inch, 9-inch, and 12-inch Funtimbers.
