**Fall Height:** 66"

**Use Zone:** 33' 9" x 36' 10"

### COMPLIES With:

ASTM F1487-17

CPSC PUB #325

### ADA Compliant

Give children their own fort with the Fort Rugrat Play System. Formed from a mix of traditional play elements and castle themed pieces, Fort Rugrat Play System will immediately capture the imagination of its occupants on the ground level with a Castle Crawl Panel to crawl through with an exit through the Rock Hole Climber on the other side. Children might elect to change course on the Ship's Wheel, find the rhythm of the waves on the Single Drum or play a game on the Tic Tac Toe Panel on the ground level. Others might accept the challenge to reach the summit of the Rock Hole Climber or take the scenic route via the Transfer Station. Once on the elevated portion of the fortress, kids can look out of the Bubble Panel into space or try a hand on the Castle Airplane Panel. Finally, all good things must come to an end or get better! Kids will be amazed by the four different types of slides available to them: the Double Slide, the Right Turn Slide, the Spiral Slide and the Wave Slide. Add your own touch to the structure by choosing any of our custom colors. Castle Panels only come in a special hue of gray to give your fortress the proper defensive touch.
