COMPLIES With:

ASTM F1487-17

CPSC PUB #325

ADA Compliant

Harken back to the days of jousting and round tables. The Knights by Day Play System is the key into a world of castles and kings. Adorned with Castle Roofs and waving flags, this unit will draw crowds with its undeniable appeal. It is a playground designed for preschoolers and older to enjoy; making them royalty in the process. Panels have a castle wall design that resists harsh play, strong winds and the occasional volley from catapults. Four different slides will assuredly keep children content with their fast-paced fun. The Tic Tac Toe Panel, Clock Panel and Castle Crawl Panel will handle any children ready for a different type of play before going back on the slide. Adding to the excitement, a Ship's Wheel, Single Drum, Rain Wheel and Bongos make the ground as interesting as the rest of the system. The Knights by Day Play System provides a unique experience that kids will devour.
