COMPLIES With:

ASTM F1487-17

CPSC PUB #325

ADA Compliant

The Lucky's Gold Rush Play System is two fantastic structures in one. One side has an emphasis on hanging and swinging while the other is more slide focused. They are connected by Pebble Climbers; turning an ordinary trek into a much more engaging voyage. This encourages unique routes to be utilized through discovery. The slide side is outfitted with multiple entertaining activities including a Half Spelling Panel, Sea Creature Climber and Wave Slide. The other end boasts Vertical Ladders that lead to two Curved Overhead Swinging Rings Ladders. This is a welcoming challenge for motivated children and provides a substantial upper body workout, too. This structure is a perfect fit for Elementary School goers and older kids too. The Lucky's Gold Rush Play System is riddled with activities to be played with, slides to be ridden and rings to be swung to.
